" A person doesn't become whole until they become a part of something bigger than themselves." - Jimmy Valvano

PROGRAM PHILOSOPHY:

The focus of the Longmeadow Volleyball program is on the development of the player as a student, athlete, leader, and role model. Any success we might enjoy will be directly related to the effort put forth by ALL members of our FAMILY - players, coaches, and managers. Our success will be dependent upon our confidence, intelligence, hard work, sacrifice, dedication, and enthusiasm. Success requires the confidence to dream, to set goals, and the hard work, sacrifice, discipline, and enthusiasm to set that plan into action. In order to accomplish our goals we must hold ourselves to the highest standards, both on and off the court, and we must conduct ourselves with class and dignity in all situations. WE WANT OUR PROGRAM TO BE A MODEL FOR OTHERS TO FOLLOW!

SEASON OUTLOOK:

The 2011 season will be another test of character for this team. Last season's successes have once again put a "black and white" bulls-eye on our back. We will continue to embrace what has made us successful - TOUGHNESS, TOGETHERNESS, SACRIFICE, PRIDE, and COLLECTIVE RESPONSIBILITY! Combine these attributes with pin-point passing, attacking ability, and relentless defense and we are in a great position to have another miracle year. Success however, will not happen automatically. We all (Players, Coaches, Managers) have to make a conscious effort everyday to improve.

WHAT WE ARE:

We will get easy points, not give up easy points, have more good touches, and punish our opponents when they score on us. Therefore, our focus on the year will be to:

1. Get the ball to the setter – crisp passes - patience on offense
2. Own the net (Big blocks – Bigger swings)
3. Defend as a team (Rule #1: Go for every ball! Rule #2: If a ball is too far to reach...see rule #1!!)
4. Attack every chance we get (Get those easy points)
5. Play TOUGH defense & SMART offense
6. Outwork our opponents (Nothing easy)

WHAT WE MUST DO EVERYDAY:

1. Communicate
2. Compete
3. Execute
4. Work Hard

OUR MOTTO:

Winning is not a goal, it's a result

Remember, the volleyball season is long. We will face trials, tribulations, and adversity. NO team goes through a season without challenges. The test of a GREAT TEAM is not those who have the fewest challenges, but those who learn from those challenges and peak when it counts the most. We can accomplish anything if we do it together! We need to be there for each other. The coaches "doors" are always open to you. If you have ANY problems you want to discuss or if you just want to shoot the breeze, do not hesitate to speak with us about anything. We are here for you! Problems cannot be solved without communication. Let's make this season memorable!

RULES:

1. Go for every ball
2. If the ball is too far to reach...see rule #1
3. Everything WE do must be done in a FIRST CLASS way! (Together you, as players will determine the specifics.)

FINAL THOUGHTS:

Those who wish to excel must give far beyond the average.

Longmeadow Volleyball has a reputation built on sportsmanship, excellent volleyball, and high academic performance. It's up to you to meet and maintain the standards set forth before you and your coaches.

Remember that everything you do on and off the court reflects you, your coach, the school, your family, and Longmeadow. Our challenge is to not only build a reputation, but enhance it every day.

This volleyball season depends upon you and YOU alone.

1. The way you study the game
2. The way you work on your weaknesses
3. The way you improve on fundamentals
4. The way you cooperate with your teammates
5. The way you condition yourself
6. The way you desire to grow
7. The way you support your team
8. And above all, the way you ignite a burning desire to play winning volleyball
